S i r,

Grants--Discretionary grants--erect: Adi-dravidas--sanction sought.

1 The Tahsildar of Puttur has brought to my notice that there is great need to put up shelters for Adi-dravida coolies who return from working in estates in Mysore and have no-where to sleep as they pass through the villages. He suggests a shed with a roof on pillars and with dwarf walls so as to prevent cattle using them. He states that he has personal experience when these Adi-dravida coolies come down from the estates during the monsoon months and wander about the villages looking in vain for any place where they can have just a dry floor and shelter from the rain This is particularly the case at Guruvainkere at the bottom of the Charmady Ghaut and at Uppinangady which is on the Hassan Sakhlespur road.

2 The use of the discretionary grant is restricted to the objects detailed in para 3 of G. O. No. 565 Mis. Revenue dated 4th March 1935. The construction of these sheds cannot be got into any of the items in the list; although the discretionary grant is intended chiefly for the assistance of the poor people.

3 I request that the Government may be moved to allow me to put up one or more of these sheds out of my discretionary grant.

Your obedient servant,

Collector.

2 Uppinangadi is a village in the ~~Uppinangadi~~ Puttur Taluk and Guruvankere is a hamlet of Kuvetta village in the Puttur Tk. It has been ascertained from the Office of the D.C. of N Kl Cls and Lbs that panchayat Boards exist in these two villages. In the linked file Secy has suggested that ~~ordered~~ expending from the discretionary grants should be confined ~~only~~ to villages for which no local body has been specially constituted. In the special circumstances reported, it is for orders whether the Boards proposal may be approved. If so the draft order is ~~submitted~~ for approval. The proposal is to sanction the putting up of 2 halting sheds for the Adi-Dravida Coolies at Gunnavaram and Uppinangadi S. Kanara Dt. the cost being met from the discretionary grants. The necessity for these sheds is explained in para 1 of the Collector's letter on p. 1 c/f.

The scope of the discretionary grants is restricted to the objects detailed in Para 3 of G.O. 565 Rev. dt 4.3.35. embodied in the M.F.H.A. Vol. I See Amendment in flag (V)

As observed by the Collector the construction of

of Sheds does not fall under any one of the objects. Recently the Board has suggested the inclusion of Repairs to sheds as one of the objects. This has been agreed to in the draft and it is understood that the file is in Circulation

The main feature of discretionary grant is that it is non-recurring In the present case the Rev. Secy also remarks that the sheds will have to be maintained in future from the Discretionary grant This is therefore incompatible with the main principle governing Discretionary grant mentioned above The proposal seems therefore misconceived.

CS 31-8-35

If the sheds are tiled ones, there will be no need to maintain spend anything on annual repairs The question of maintenance will arise only if they are thatched sheds Finance need not object to the expenditure being met from the discretionary grant provided no recurring expenditure is incurred annual in the maintenance

The Panchayat Boards might reasonably be expected to maintain them.

Refce.- B.P.No.misc., 3830 dated the 9th October 1935.

Of the two sheds for Adi-Dravida coolies contemplated in my letter No.C.3544/35-B.1, dated the 6th August 1935 to the Board, work is proceeding briskly with the one at Guruvainkere, on the way to the Charmady Ghat.

2. I have not been able to proceed with the other shed proposed to be put up at Uppinangady, for want of funds to spare and also owing to difficulties in the matter of a proper site. I have, therefore, dropped the idea of having a shed built there for the present. The allotment will be spent on other works.
